## Here and There.

Maj. B. H. Harrod, a member of the Panama Canal Commission, thinks the "ditch" can be completed in eight years.

Memorial services in honor of former Gov. John P. Altgeld were held in the Garrick Theater in Chicago under the auspices of the John P. Altgeld Memorial Association.

The largest land deal of the year is reported from Perry county, 190,000 acres of coal and timber land being sold to an Eastern corporation by Covington capitalists. The purchase price is said to have been \$250,000.

Trabue Walton, son of the Rev. Cope Walton, of Cave City, has been indicted under the "age of consent" law. The complainant is Miss Rubie Turner, a school girl, 14 or 15 years of age. Both families are prominent, and the indictment caused a sensation.

Residents of Jackson were terrified by a fusillade of bullets fired on the streets of the town Saturday night, the shooting continuing for some time. Two bullets entered Jas. Hargis' home, and a brother of Curt Jett narrowly escaped while asleep in the Hargis Bros. store.

With spinal cord broken and choked to death, John Smith, a 15-year-old boy, was found with his neck under a heavy desk in a church at Fordville, near Cartersville, Ill., where he had committed suicide. To evade arrest, he had hidden in the building seven days, subsisting on grains of corn.

## A WOMAN'S ALPHABET.

Admirable always.  
Beautiful as possible.  
Charitable to everybody.  
Dutiful to myself.  
Earnest in the right things.  
Friendly in disposition.  
Generous to all needs.  
Hopeful in spite of everything.  
Intelligent, but not pedantic.  
Joyful as a bird.  
Kind even in thought.  
Long-suffering with the stupid.  
Merry for the sake of others.  
Necessary to a few.  
Optimistic, though the skies fall.  
Prudent in my pleasures.  
Quixotic, rather than hard.  
Ready to own up.  
Self-respecting to the right limit.  
True to my best.  
Unselfish short of martyrdom.  
Valiant for the absent.  
Willing to believe the best.  
Exemplary in conflict.  
Young and fresh in heart.  
Zealous to make the best of life.

## WINTER.

Give me the good old winter,  
Give me the drifts of snow;  
Give me the icy sidewalks  
We slipped on years ago.  
Give me the zero weather,  
Take back your mist and rains;  
Give me a frozen ear or two,  
Give me just one chilblain.  
Give me one day of frost and ice,  
And make the sun to shine;  
Give me a day that's cold enough  
To freeze this cold of mine.

## Chamberlain's Cough Remedy is Both Agreeable and Effective.

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than 20 years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by All Druggists.

"The 'Uncle Tom's Cabin' show at the op'ry house last night was considerable better than when it was here a year ago," grimly said the landlord of the Pruntytown tavern.

"How so?" inquired the picture enlarger.

"Oh, they had one more dog and three less actors."

## Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, the Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at Penny's Drug Store, 25c.

A remarkable old lady has just died at Lexington. She had an idea that the electricity she thought was conveyed into her system by riding on a street car greatly benefited her paralysis, and she would sometimes ride continuously all day, and never less than several times a day.—Frankfort Journal.

## HIGHLAND.

O. G. Speaks has his new dwelling completed and has moved into it.

J. S. Young is preparing to build a lot of wire fence on the farm he bought of George Baugh.

Work on the new Methodist church is progressing nicely. The carpenter, J. W. Cook, thinks he will have the roof all on in a few days.

John Decker is selling out and will return to Illinois, from which State he came about 18 months ago.

Dave Burton and James Bunch have bought a new saw mill and they are setting it up at the Wm. McHargue place on the Kingsville and Ottenheim road.

The farmers have done but little plowing. More wheat was sown in this neighborhood last fall than usual and it is looking fine. The prospect is for a good crop.

Mr. Lutes was here a few days ago buying hogs. He bought a sow and pigs from Sam Baugh for \$25 and two hogs from John Decker at 6c. Mr. Decker sold a cow to Mr. Arnold for \$23.

A good many of our farmers intend to raise tobacco this year. Several seed beds have already been sown. There were several crops in this neighborhood last year and they brought fair prices.

Logan Bryant and wife were called to Eubanks by the illness of Mrs. Bryant's grandmother, Mrs. Trowbridge. Mrs. John Decker is visiting her mother at Alton, Ill. Miss Zora Baugh, who is attending school at Kingsville, was at home Saturday and Sunday. Miss Effie Young has returned to school at Kingsville. Misses Gracie Young and Annie Butt, who are attending school at Stanford, spent a few days with the homefolks. Mrs. Lena Butt continues ill.

## CHURCH MATTERS.

The Presbyterian church at Midway voluntarily raised the salary of Pastor J. W. Tyler \$200.

The Baptists and Methodists of Maywood will go in together and build a creditable house of worship.

In bidding farewell to his congregation recently, Rev. E. H. Hobday, pastor of Gray's Baptist Chapel, London, said there were those who were ever ready to find a blot on a minister's escutcheon and he called on God to witness that if he had 50 sons he would not send one of them to the ministry.

There are 150 different denominations of the Christian religion in America. The diversity of thought runs the gamut from the Mormons, who believe in plural marriages, to the Shakers, who do not believe in marriage at all; from the Episcopalians, with their vested choirs, to the Primitive Baptists, who do not use an organ or other instrument in their services; from the elaborate masses of the Catholics to the silent meetings of the Quakers; from the high-salaried ministers of the Unitarians to the workers in the Salvation Army, who serve for a pittance. According to the census there are 31,148,443 members of the various churches in the United States. Of this number how many real Christians are there?

## How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at Penny's Drug Store. Price, 50c.

Gen. W. H. Gentry, of Fayette county, proposes to organize a Bluegrass Country Club, composed of Kentucky gentlemen, to attend the Jamestown Exposition in a body. It is intended to recruit the club from Central Kentucky and when they proceed to the exposition each member will wear a broad-brimmed sombrero on his head and a tuft of bluegrass in his buttonhole.

## No Case on Record.

There is no case on record of a cough or cold resulting in pneumonia or consumption after Foley's Honey and Tar has been taken, as it will stop your cough and break up your cold quickly. Refuse any but the genuine Foley's Honey and Tar in a yellow package. Contains no opiates and is safe and sure. G. L. Penny.

"I hear you and Jones have been out hunting."

"Yes—just got back."

Cox, was released from jail at Jackson on application for a writ of habeas corpus filed before a County Magistrate, it being held that Judge Carnes could not order him to be held after a motion by the Commonwealth to file away the indictment against Smith.

Out of his own pocket, George W. Perkins has refunded to the New York Life the \$50,000 campaign contribution made to the Republican National Committee in the 1906 campaign. Perkins paid the money for the company, at the request of President McCall, and afterward was paid from the company funds. This use of the corporation's money was criticised in the insurance investigations.

A dispatch from Sergeant says that Thacker Rice and Speed and Elijah Bailey, brothers, were killed in a desperate fight in a boat when crossing the Middle Fork of the Kentucky river. With them was John Ellmore. A dispute had arisen between Ellmore and Rice, whereupon the Bailey brothers took sides with Rice. Ellmore, without warning whacked Rice on the head with an oar, and then a battle with pistols and knives followed. Ellmore, himself badly wounded, finally reached shore.

JOHN ALEXANDER DOWIE, the founder of Zion City and self-styled Elijah II, died at Shiloh House in that place Saturday morning. His death was unexpected. Overseer Voliva, who succeeded Dowie as the head of the church, in a statement declared that the death of the former leader would not affect the future of the church in any way and that all bitter feeling would now disappear. The following is a brief history of Dowie during the past 16 years: 1890—Arrives in Chicago and preaches in streets. 1903—Opens big headquarters in Michigan Avenue. 1899—Widens following and is mobbed often. 1901—Starts Zion City industries and declares himself to be Elijah the Restorer. 1902—Begins Mexican and Texas colonization plans and financial troubles become pressing. 1903—Leads host to Gotham; in receiver's hands. 1904—Takes mission trip around world; takes title of "First Apostle" on his return. 1905—Stricken with paralysis; goes to West Indies. 1906—Makes Voliva deputy general overseer; repudiated; returns to Zion City, starts court fight. 1907—Dies March 9.

ONE of the most praiseworthy acts of the lately deceased Congress was the passage of a bill making a liberal appropriation for marking the graves of Confederate soldiers. It shows that a common country is willing to recognize the gallant fellows who died for the cause they loved and believed to be just, and to accord them credit for honesty of purpose. The bad feelings engendered by the war of 40 years ago are fast being eradicated, thanks to the healing virtue of time.

BUILDING and loan associations have nearly disappeared in Kentucky, but they still flourish in the East. New York, for instance, has 262, whose assets exceed \$43,000,000, whose receipts last year were nearly \$29,000,000, and whose borrowing members number 22,000. Trust companies have taken the place of the associations here to a great extent.

PROVEN dead to rights that he solicited a bribe for his vote to grant a franchise, a Pittsburg councilman was sentenced to pay a fine of \$500 and given three years in jail. There are so many rascals of this sort who go unwhipped of justice that the catching, conviction and caging of this Pittsburg specimen is particularly noteworthy.

THE Kentucky State Journal, Frankfort, always outdoing its competitors, has added a magazine section, which is as pleasing to the old folks as it is tickling to the children. The "funny" section, as the children call it, is the very best we have seen, while the fashion pages for women is all that can be desired.

It is but a little over a month now before the Jamestown Exposition opens. Therefore if you want to have Kentucky properly represented it is high time you were getting busy with your money. See Judge James P. Bailey and help the good cause with as liberal a contribution as you can conveniently make.

THE State of New Jersey evidently thinks that silence is golden. John Keen, now serving his second term from that State in the Senate, has never participated in the debates, and now Frank O. Briggs, who never made a speech, succeeds John F. Dryden, who was another silent Senator.

TEDDY sent 30 odd special messages to Congress during its last session, but diligent search fails to discover a single suggestion of economy in expenses. He seems to be always for the old flag appropriation.

HON. REED SMOOT is well thought of at his home in Utah, if many of the Senators did vote to unseat him. A brass band and hundreds of the citizens met him at the train and gave him a royal reception.

Wm. West has been appointed postmaster at Lay, Knox county.

### IN NEIGHBORING COUNTIES.

John Silvers, aged 40, is dead in the Skaggs Creek section of Rockcastle.

J. W. Thurman, a former Danville citizen, is dead in Lexington, aged 76.

William Hunter, who killed Sherman Kersey in Jessamine, was given six years in the penitentiary.

Henry Inman has resigned his position in Somerset Farmers Bank and accepted his former place with Southern Express Co.—Somerset Republican.

Six saloon men in Richmond were arrested on charges of buying registration certificates to be used at the local option election to be held next week.

The fight between the Prohibition and saloon factions is a hot one.

Saloonkeepers of Richmond closed their doors voluntarily for the four days remaining until the local option election, to demonstrate to the residents of that city what it means to be without places where liquor can be bought.

Leander Bailey, aged 10 years, was killed by the discharge of an old army pistol which was dug up on a farm in Laurel county, after having been buried perhaps 40 years. The charge and the cap retained their power, and when a cousin hammered the cap the powder was exploded.

At a conference between Barbourville citizens and members of the Board of Education of the Methodist Church of Kentucky at Cincinnati, it was decided to expend \$50,000 in the erection of two new buildings at Union College.

One of the new structures will be an administration building to replace the one destroyed by fire, and the other will be a boys' dormitory. Plans were approved and the contract for construction was let to a Knoxville firm. The two buildings will be complete by next September. Each will be three stories in height and each will contain a basement running the entire length of the structure. Barbourville contributes \$10,000 and the Board of Education \$40,000 for the undertakings.

### POLITICAL.

Senator Hemenway was in consultation with the president about three Indiana postoffice jobs that have stirred up considerable trouble in the State.

Ex-Governor Montague, of Virginia, in an address at Harvard said that there is no place in our National Government for private or personal vengeance.

William R. Hearst is stated to be seriously ill at his home in New York City, and all engagements for him to address public assemblages have been canceled.

A series of changes are imminent in the consular service of the Government which will be determined under the application of the new law fostered by Secretary of State Root.

Gov. Folk, of Missouri, has signed the bill levying a tax of 25 cents on each transaction of grain, stocks, cotton, etc., for future delivery, for the benefit of the road fund.

Mr. Clark said the president can not be elected for a third term if nominated.

Charles C. McChord paid to Sam T. Spalding, committeeman in charge, \$3,000 as his entrance fee in the primary to select a Democratic nominee for Railroad Commissioner in the First district. He is the first candidate to pay.

R. P. Ernst, chairman of the Republican State Central Committee of Kentucky, held a consultation with President Roosevelt in Washington, during which he convinced the President that the Republicans have a chance to carry Kentucky in the coming State election, and the President promised to aid all in his power.

### Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." CIRCUIT COURT expired by limitation Saturday afternoon. While the term was a poor one for the attorneys, considerable business of minor importance was transacted. The suit of G. W. Clark against R. L. Berry on a tobacco contract resulted in a verdict of \$500 for the plaintiff. A Negro boy named Huddleston was acquitted of breaking into a freight car. Some civil business was disposed of and court adjourned about 3:30.

THE many friends of Everett Stone, who learned the art preservative in this office, will be glad to hear of his continued advancement in Lexington, where he is connected with the Lexington Herald. After serving his apprenticeship as "cub" in the composing room, he became very proficient as a linotype machinist. When the Gazette, Lexington's new afternoon paper, started the latter part of January, Maj. Leaming, the foreman of the Herald, went with it and Everett was made foreman of the Herald at a salary of \$25 a week. Reports from there are that he is "making good" in this responsible position.

By far the largest crowd that has attended the Rink so far, was present Friday night and the evening was enjoyed by all. On account of the wholesale firm of Belknap & Co., Louisville, not being able to fill the order, the skate supply was exhausted long before the demand was supplied. The management has been able to get hold of a few more pairs and to-night it hopes to have skates for all who apply. The raised seats have been removed and nearly 25 per cent. more room will be given the "whirlers." To-night the boys will be given 10 minutes on the start and then ladies and gentlemen will have the floor for 10 minutes and so on throughout the three hours. To make it plainer, the boys will be expected to keep off the floor during the ladies' 10 minutes, unless accompanied by ladies. Remember the Rink begins at 7 o'clock sharp and that to make certain of getting skates you had better come early.

THE democratic county committee met pursuant to call yesterday and was called to order by Chairman James F. Holdam. Committeeman W. H. Shanks introduced the following resolution: Be it resolved by the Democratic County Executive Committee of Lincoln county:

2nd That precinct mass conventions be held at each voting place in Lincoln county on Saturday, April 6, 1907, at 2 o'clock P. M. at said precinct conventions. Delegates are to be selected to meet at a county delegated convention to be held at Stanford on Monday, April 8, 1907, at 10 A. M.

3rd That each precinct shall be entitled to one vote for every 50 votes cast for Harvey Helm for Congress in November, 1906 and for one vote for a fraction over 25 cast for said Helm.

4th That Stanford precinct No. 1, to three votes; that Stanford precinct No. 2, to three votes; that Stanford precinct No. 3 to 3 votes; that Crab Orchard precinct No. 1, to two votes; that Crab Orchard precinct No. 2, to three votes; that Waynesburg precinct No. 1, to two votes; that Waynesburg precinct No. 2, to one vote; that Waynesburg precinct No. 3, to one vote; that Hustonville precinct No. 1, to three votes; that Hustonville precinct No. 2, to two votes; that Hustonville precinct No. 3, to two votes.

The motion carried seven to five and was later made unanimous. Those voting for it were W. B. Shanks, T. A. Rice, George D. Weatherford, J. A. Hammonds, W. S. Drye, J. C. Magee, C. M. Thompson. Those opposing were J. H. Carter, J. M. Carter, W. R. Singleton, A. C. Dunn and J. W. Guest.

THE only thing done in the county court yesterday save the routine work was the probating of W. S. Thompson's will.

LOOK.—Hughes & Swinebroad, the real estate and investment men, at Lancaster, Ky., want you to look at the farms and other property they have for sale. Every one knows the fertility of Garrard county soil. Hemp, tobacco, and other crops in abundance. For investments they can show you 10 per cent. and more. If you want to sell your farm, coal or timber lands, or other property write them about it. Buy now while you can get the pick and the interest on amount paid down will be taken care of until possession is given.

CASEY COUNTY GIRL IN TROUBLE.—The story of the confidence of an innocent country girl in her city sweetheart, her romantic elopement to this city, and her desertion by the man who lured her to her ruin, was told this morning by Miss Josie Wheeler, of Liberty, Casey county, Ky., to Chief of Police Gunther and Mayor Paul C. Barth. Under promise of marriage, according to the young woman, she was lured to this city by Jesse Dryer, whom, she says, she had known for two years, and who had long ago become engaged to marry her. Dryer told the girl he was a salesman in Cincinnati and on Sunday last called at her home. He urged her to elope with him, but the girl was reluctant to leave. On Tuesday morning she consented to his plan, and taking \$25 in cash, her savings, accompanied the man to this city, arriving here about 7 o'clock in the evening. "Jesse took me to the Broadway Hotel," the girl said between sobs this morning when telling her story, "and he told me we would be married the next morning. He left me about noon Wednesday taking my money with him, as he told me it would be better for him to carry it. I haven't seen him since." The girl told of her plight to the hotel people this morning, and was directed to the Mayor's office. A stranger in the city she was without funds and Mayor Barth furnished her with transportation to Junction City, the nearest railroad station to her home. The girl left for home this morning.—Louisville Times.

Franklin county Burley tobacco growers have bought a lot and will erect a large warehouse in which to prepare tobacco for the market.

Sheep and cattle men in Northern Wyoming are engaged in war and half of a drove of 8,000 sheep were killed in a raid by the cattlemen.

Because officers of the Woodford bank at Versailles, who are farmers, pledged their crops to the Burley Tobacco Society, the trust withdrew its deposits from that bank.

High prices during the present season have caused farmers in the Burley tobacco district to plan increased acreage in 1907 and it is feared by those interested in the A. S. of E. that the trust will be benefited by the additional production.

STANFORD COURT.—There were about 200 cattle on the market yesterday and most of them changed hands. Prices ranged from 2 to 4½c, the latter prices being for some choice stuff. Reid & Allen sold a bunch of calves at \$16, some heifers at 3.10 and a bunch of very plain cattle at 3c. Good horses and mules were in demand at big prices. A good crowd was in town and the day was a busy one generally.

## Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine.

Children that have been housed up all Winter are brought out and you wonder where they all came from. The heavy Winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by All Drug-gists.

The Sunset Limited of the Southern Pacific Railroad was annulled, because it was 50 minutes late, the annulment being due to the recent order of the Texas Railroad Commission requiring passenger trains to run within 30 minutes of their schedules.

## Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? G. L. Penny.

Now if Mr. Jerome had gone after those insurance grafters with one-half the vigor he has displayed in digging up the unfortunate history of a misguided and badly advised young girl, the New York penitentiary might now be even more badly crowded.—Wm. J. Bryan in The Commoner.

A severe cold that may develop into pneumonia over night, can be cured quickly by taking Foley's Honey and Tar. It will cure the most obstinate racking cough and strengthen your lungs. The genuine is in a yellow package. G. L. Penny.

The Commercial Club of Burkesville has sent a committee to Columbia, Adair county, to confer with the Columbia Commercial Club in regard to building a pike connecting the two towns. The pike would cost about \$30,000.
